FIRE ENGINE WILL CARRY CAROLERS THURSDAY NIGHT

If it doesn't rain Thursday local residents will see a fire engine cruising around the streets of Daly City.

The engine will be decorated in the Christmas spirit and will bear 17 girl carolers, who will sing Christmas carols as the fire truck makes its rounds between 7:30 and 9 p.m.

Afterwards, the singing group will be served refreshments by members of the volunteer fire department at Fire Company No. 4, on Peoria street. At that time, also, the fire department will announce prizes in its Yuletide benefit project.

The following girls comprise the carol group:

Beverly Hamilton, Norma Davis, Marilyn Hamilton, Jane Kennedy, Carol Bertelli, Joyce Webb, Joyce Palmer, Mary Schuler, Shirley Mellicker, Shirley Iverson, Wanneta Velle, Roberta Taylor, Roberta Baldetti, Maureen Kennedy, Dixie Bender, Rose Eling and Patsy Bertelli.

Merchants Appoint Committee To Study License Ordinance

In the best represented meeting of the last several years, approximately sixty members of the Daly City Merchants Association gathered at the city hall Monday night for a discussion of changes in the municipal business license ordinance.

With newly-elected President Tom Stanghellini presiding, the merchants heard members of the city council explain why changes were proposed in the existing business license ordinance and discussed a variety of methods employed by cities throughout the state.

After a full discussion, the merchants authorized Stanghellini to appoint a committee to meet with council members to draft a new ordinance, which will be presented to the membership at another meeting set for the second week in January.

Disregard Registration Cards for Vehicles Already Sold, Says Motor Vehicles Department Official

Motorists who receive 1949 potential registration cards for vehicles to which they no longer hold title should disregard them, Motor Vehicles Department officials said today.

Director A. H. Henderson explained that in spite of around the clock operations in his department it was impossible to intercept all ownership transfers, thousands of which are being received currently, and to issue potential registration cards to the new owner.

"We are making every possible effort to clear these transactions, stop the mailing of a potential to former owner and issue another potential to the new owner but the volume has been too great to accomplish this in every case," Henderson said.

He recommended that the former owner disregard the potential he receives for the vehicle to which he no longer holds title. If the new owner fails to receive a potential registration card or his 1948 registration documents he should report any office of the Department of Motor Vehicles during the first week in January with receipts, bills of sale and any other documents he is covering the transaction.

The annual renewal period runs from January 3 through February 1.

No Diagonal Parking On Flounoy Street

Diagonal parking on Flounoy street, between San Jose avenue and Mission street, will be discontinued in 1949 to make way for new buses which will replace the No. 14 street cars on January 16, Police Chief W. W. Sunderland announced today.

The buses will come out Mission southbound, turn at the Bank of America, go down San Jose avenue to Flounoy, and over Flounoy to Mission for the return trip downtown. Running express between Richmond avenue and 11th street in San Francisco, the bus schedule calls for a 29-minute run to Fifth and Market streets.

Sunderland said Flounoy street would be posted to warn motorists that parallel parking only is permitted on that street.

POLICE ON WATCH

Police were putting a double check on the Stockton Lumber Yard after manager John Ferro reported that the place had been broken into last week end, with a few small tools taken. Ferro attributed the break-in to youngsters.

Christmas is not only a day. It's a lighting our way to a truly old-fashioned American Christmas --- to a year of life that brings Peace, Happiness, Friendliness. Thankfulness and joy fill our hearts this glorious Yule season. The torch of Peace burns brightly, ahead that promises the fulfillment of many hopes and dreams. For all, we ask the blessings of the season and wish you a Merry Christmas.

COMMITTEE MEETS WITH STATE HEADS ON SCHOOL PROB.

A committee of residents of the Jefferson Elementary School District literally burned the midnight oil Friday night in a meeting with Dr. Charles Bursch and Edgar Parsons of the State Division of School House Planning, at the district administration building.

The group was closeted until 12 p.m. in a discussion of a building program for the school district. Among the committee members were Mrs. Elsie Berg, Mrs. Marie Sorensen, Mrs. Marie Miller, Mrs. Ladene Impeartice, Mrs. W. J. Hunter, W. M. Cheatham, Hugh Smith Jr., R. E. Damon, W. H. Beck, Edmund Cavagnaro, John Klawin Jr., James F. Dolan Sr., and Carter Callan.

After discussing all sides of the situation, the general consensus of (Continued on page 6 col. 1)

2,500 Kids Enjoy Theatre Parties Here Monday

Two thousand five hundred kids of all ages crammed themselves into the Crest and Daly City Theatres Monday for the biggest Christmas Theatre party ever staged by the Daly City Recreation Department.

Coordinated help from a dozen or more civic organizations resulted in the mammoth program being run off smoothly at both movie houses.

Two Santa Clauses, Police Officer Jimmy Welsh at the Daly City, and Councilman Mel Battye at the Crest, appeared on the stage and listened to juvenile requests for Yuletide gifts.

The children had a field day, entering the shows at noon. Both programs were started at 12:30 and a succession of pictures, cartoons, comedies and community singing kept them occupied for two and one-half hours.

At the conclusion of the program, each child was given a candy cane (Continued on page 6 col. 6)

County Taxpayers Association Formed To Study The Tax Picture

PICTURE MUST HAVE BEEN "THE BIG SLEEP"

It was dark when George Pavlos awoke at 12:25 Tuesday morning. Dark and quiet. No music or anything. Besides, he was locked in.

So he phoned the local police station to explain that he was in the Daly City theatre, where he had dozed off during the performance. The theatre had closed for the night, and would someone please come down and let him out. Officers Walsh and Munday obliged.

PHONY TEN DOLLAR BILLS CIRCULATED

If you're lucky enough to get your hands on a ten dollar bill at this time of year, examine it closely. It may be counterfeit.

Secret service operatives declare that counterfeit saw-bucks are in circulation. They have Face Plate Number E-279 in the lower right-hand corner, above the signature of the secretary of the treasury. They have Back Plate Number 1101 on the back of the notes.

Also, the portrait of Hamilton is slightly darker than the genuine, and the serial numbers are dull. If you have one of these, notify U.S. Secret Service, KLondon 2-2350.

A new county organization, the San Mateo County Taxpayers Association, was launched in San Mateo last week. Designed to study the ever-increasing tax rate, it is proposed to appoint a full-time secretary, attorney and certified public accountant. Permanent offices will be opened, also.

Temporary chairman of the new group is Frederick S. Fenton, long-time San Mateo resident. Fenton stated that the association is non-political and emphasized that it would work in cooperation with county and municipal officials concerning tax studies.

"We plan to be a constructive organization -- not necessarily critical of public officials -- who we realize are hard-working men needing our support."

"We believe we can be of help to the board of supervisors and city councils, and perhaps offset the fork of pressure groups which seek to put over pet projects without regard to the population as a whole," Fenton said.

A committee of 25 has been appointed to perfect organization of the group. The committee includes L. E. Cartmill, C. W. Wittman Jr., James O'Gara, Montgomery Reynolds, T. J. Duffy, Stanley Fischen, William J. Gilmarin, Sam Hill, Z. C. Schwab, E. W. Root, (Continued on page 6 col. 4)

BRITAIN'S BRIGHTER

This Christmas will be the brightest in Britain in the past decade. It won't measure up to the pre-war standard, to be sure, but to the average Englishman it will probably seem even better than prewar, after so many somber years. Christmas tree lights will make their first postwar appearance, at least on trees put up for public or semi-public use. Goods are more plentiful, although certainly not abundant, and there are Christmas toys on sale and more Christmas cards to be had. All these things are indications that Britain has probably turned the economic corner on the route from austerity to a more normal life. The British now have more reason to hope for better times than they've had in years. That's really the brightest part of their Christmas.

ELECTORAL COLLEGE

Although the electoral college system of choosing our Presidents has reflected the wishes of the majority in all but two or three of our national elections, it is becoming increasingly unpopular both with the lawmakers and the public. It has been pointed out that under this system a presidential candidate who captured the 12 largest states, even though by narrow margins, and was overwhelmingly trounced in the other 36 would still be elected with 273 electoral votes — 7 more than necessary. In such a case the popular vote could be as great as 60 million for the LOSING candidate while the winner had about 24 million. A bill now pending in Congress would abolish the electoral college as such and automatically split the electoral vote in each state according to the popular vote. Under this method President Truman would have received only 11,893 electoral votes in California instead of all 25, and in New York Governor Dewey would have had only 21,282 electoral votes instead of 47. The proposed system certainly seems fairer than the present one.

CATCHING UP

At long last the supply of automobiles is catching up with the demand. In Detroit they'll tell you that there is still a backlog of 7½ million unfilled orders, but that is said to be more figures than fact. One San Francisco car dealer recently advertised 12 brand new cars for sale (medium price class) at the regular price with no turn-in required. A friend of the writer set out to buy a new car, and in one day found two new-car dealers who offered him immediate delivery with no trade-in. Later in the day a third dealer phoned and made the same offer. One car was in the low price field and the other two in the medium price range. So, it appears that the lush days of the seller's market are gone, or rapidly going. The little man who wants a new car to replace his aging 1938 model may soon again be in the "driver's seat" — in more ways than one.

Mrs. Lucy J. Fahey Passes Away Mon.

Mrs. Lucy J. Fahey, wife of the late John J. Fahey Sr., and mother of Township Judge John J. Fahey Jr., passed away suddenly Monday in Colma. Funeral services were conducted yesterday morning from the W. C. Lasswell mortuary and a requiem mass was held at Holy Angels Church, with interment at Holy Cross Cemetery. A rosary was recited Tuesday evening.

Mrs. Fahey was one of the most widely known figures in San Mateo county. The late John J. Fahey Sr. was a pioneer resident of San Mateo county, active in real estate circles and a former city councilman and mayor of Daly City.

The pioneer resident was a daughter of the late Dennis J. and Josephine Heagerty and sister to Mrs. Josephine Donnelly, John D. Clement P. and William Heagerty, and the late Dennis D. and James E. Heagerty and Frances English.

Mrs. Fahey was the mother of Judge John J. Fahey Jr., Denny M. Fahey and Mrs. Lucy J. da Roza and the late Walter W. Fahey, and grandmother to Dennis Michael, John Joseph, Barbara Louise and John Frederick Fahey, and Joan Veronica and Kathleen Patricia da Roza.

Gray Ladies Entertain Veterans In Hospital

A Christmas party for the men in the various wards of the Veterans Administration Hospital, Palo Alto, was given Monday, December 20, by the Gray Ladies of the San Mateo County Chapter, American Red Cross.

Veterans of the first and second World Wars and the Spanish American War heard a program of Christmas and patriotic songs sung by Mrs. Ruth Daniels and accompanied by Mrs. Rae McLauren on the piano. The men joined in singing the choruses. Refreshments of ice cream, cake, candy and cigarettes were served by the Gray Ladies. The decorations on the cakes were donated by the Primrose Cake Shop.

"The visits of the Gray Ladies are greatly appreciated by the men whose time in the wards is brightened and cheered," stated Mrs. Sybil Clary, the Red Cross Field director, praising the work of the volunteers of the San Mateo County Chapter, American Red Cross.

Parties such as these are regular features of the Gray Ladies Recreation Corps, organized by Mrs. Richard Heimann, chairman, and Mrs. R. E. Baum, vice-chairman.

A NEW RACKET SHOWS UP RE GI INSURANCE

Swindlers, who sometimes claim to represent a veterans newspaper, have been attempting to sell veterans forms for the purpose of collecting money paid into the government insurance fund, Veterans Administration officials here reported today.

VA officials emphasized that dividends will not be payable on G-I insurance for a number of months and that forms for that purpose will be supplied by the government at that time.

There is no expense to the veteran in applying for any benefit administered by the VA.

Veterans are urged to immediately notify the nearest VA office, the Better Business Bureau or the police should a swindler attempt to sell them forms to obtain VA administered benefits.

Mrs. Esther Hart Dies Suddenly

Mrs. Esther Nina Hart, 51, of 144 Templeton avenue was pronounced dead upon arrival at Junipero Serra hospital Tuesday night, after being rushed there in the police ambulance.

The ambulance responded to a call by her husband, Frank Hart, who said she had collapsed on the kitchen floor at home.

HILLSIDE MANOR ADDS 200 NEW HOMES HERE

More than two hundred new homes will have been added to Daly City with the completion of the Hillside Manor subdivision, according to Andy Oddstad of the Sterling Building Company, builders of the subdivision.

The homes are located east of Hillside boulevard, between Gambetta and Bismark streets, in an area formerly used for truck farming. Approximately two blocks of the tract were added to Daly City through annexation proceedings recently.

New Service Station Opening Expected Soon

With grading completed and the main equipment already installed, Joe Lewkowicz' new Hancock super service station at San Jose avenue and Bepler street is rapidly nearing completion.

Opening of the new venture is expected to take place in approximately one month.

Peccia, junior deacon; Joseph E. Allison, junior deacon; Alfred Turman, marshal; Harry E. Speck, senior steward; Walter J. Gilnack, junior steward, and George Watson, secretary emeritus.

Trustees are William Cairnie, chairman, Peter J. Barsi, M. Jay Jensen, John Mitchell and Edward Weisenburger. M. Jay Jensen is inspector for the 48th Masonic District.

COMMUNITY CHEST NEEDS \$300 TO GO OVER ITS QUOTA

With slightly more than \$1,700, or approximately 85 per cent of Daly City's quota of \$2,000, collected, contributions are still being received for the 1948 Community Chest Red Feather drive, it was announced by Frank B. Blum, local attorney and Community Chest chairman, this week.

County Community Chest headquarters have extended the drive to December 31, Blum said.

With less than \$300 to go to put the local drive over the top, those who volunteered their services were hoping that Daly City could make it 100 per cent with a flood of last-minute contributions.

Happy Reunion

Belgian underground agent during the war, Amanda Stassart gets welcoming kisses from two former American flyers she rescued from the Nazis as she arrives in New York. T. B. Wiggins, left, of Athens, Ga., and Thomas B. Applewhite, right, of Memphis, Tenn., were flown to New York for the reunion by the Air Force. Miss Stassart saved over 50 American airmen.

HOW TO FIX IT

By TOM GREGORY

"Musts" for Canned

By BETTY BARCLAY
You cannot afford to miss these of-the-season canning recipes. Your youngsters will want to help in the Thrifty Grape Juice. This sipping party beverage is ready to serve at a moment's notice. It is economical and easy to make. Diluting! Just pour from jars of ice cubes, using the grapes as garnish.

Thrifty Grape Juice
Wash grapes; drain. Sort carefully, removing stems and any green or imperfect grapes. Have ready clean, hot quart jars. Put 1 cup prepared grapes, 1/4 cup sugar and 1/4 cup Karo Syrup, Red or Blue Label, in each jar. Fill jar with boiling water to within 1/2 inch of top. Seal according to the lid and jar. Process 20 minutes in Boiling Water Bath.

This Pepper Relish is not only useful but delicious. Use it to morize wintertime meals. A jar of this makes an interesting Christmas gift.

Pepper Relish
red peppers
green peppers
onions
cups cider vinegar
cup sugar
cup Karo Syrup, Blue Label
tablespoons salt
tablespoon celery seed
Wash peppers and onions. Cut up in halves, remove stems, seeds and fibrous white parts. Peel onions. Chop peppers and onions medium fine or put through food chopper, using coarse blade. Cover with boiling water, stand 5 minutes, then drain well, combine with other ingredients, bring to a boil, stirring constantly, continue cooking 10 minutes longer. Pour into hot, sterilized jars and seal immediately. Makes 4 quarts.

SPORTSMEN'S CALENDAR

The Division of Fish and Game reminds local sportsmen of the following general regulations which apply to current hunting and fishing:

BEARS — Ends December 31. Season and possession limit: two. Fore sunrise to one-half hour after sunset. Shooting hours: one-half hour before sunset.

ABALONES — Ends January 14. Limit: 10 abalones with not more than five red species. Minimum size for red abalones, seven inches; green, six and one-quarter inches; pink, six inches; black, five inches. May not be possessed out of the shell.

DUCKS, GESE, WATERFOWL — December 23 to January 8. Daily limits: five ducks, five geese, 15 mudhens, 25 mergansers. Shooting hours: from one-half hour before sunrise to one hour before sunset, except on December 23, when shooting starts at noon. Daylight Saving Time. Federal duck stamp and State hunting license required.

STRIPED BASS — No closed season. Bag limit: five fish or 25 pounds and one fish, except that, irrespective of weight, at least two fish may be possessed. Size limit: 12 inches.

STEELHEAD TROUT AND SALMON — Ends December 31 in waters of Pacific Ocean and all bays except those east of Carquinez Bridge in Sacramento - San Joaquin Rivers. Ends February 28 in some sections. Ends January 31 in specified streams of northwestern counties. See official abstract of angling regulations.

QUAIL — Ends December 31. Bag limit: eight per day or in possession, 16 per week. Shooting hours: one-half hour before sunrise to one-half hour after sunset.

TREE SQUIRRELS — Ends December 31 in Districts 1, 13, 23 and 25 only. Bag limit: two per day or in possession, 12 per season.

RABBITS — Ends December 31 in southern California Districts 4, 41, 43, 44, 19, and 22. Cottontail and brush rabbit bag limit: eight per day, 16 per week. No limit on jack rabbits. Shooting hours: one-half hour before sunrise to one-half hour after sunset.

MAIL CHRISTMAS GREETINGS NOW

Now is the time to mail Christmas greetings to members of the Armed Forces overseas for early delivery. On December 1 and the week thereafter holiday messages should be sent by air mail, according to advice from the postoffice department. Gift packages mailed prior to November 15 are now on the way in great volume and will be delivered to American service men and women and civilian employees overseas, before December 25.

DOCTORS, DENTISTS SOUGHT BY ARMY

Doctors and dentists who hold Army reserve commissions may now serve on active duty for a minimum of one year, instead of for a minimum duty tour of three years as is required for officers of other branches.

Shortening of the length of these voluntary tours has been made in an effort to attract sufficient numbers of doctors and dentists to meet the needs of the Army as expanded under the current Selective Service program.

Liberalization of the active duty tours is expected also to benefit professional men who are finding it difficult to resume or establish private practice at present because of the shortage of office facilities.

Respectability is the dickey on the bosom of civilization. — Elbert Hubbard, Note Book.

Auto Ignition, Electric Equipment, May Effect Television Reception

Motorists may not realize it, but their faulty engine trouble may cause distress to some television owner.

Until the first of the year, television owners will receive only a pattern on their sets as shown by figure 1. It is by this pattern that the station is tuned in and by which adjustments are made. When automobiles pass by with faulty ignition or poor electrical apparatus, a pattern such as shown in figure 2 appears. This, however, is only one of the common interference patterns which disrupts the reception in your television set.

FIGURE 1

To remedy these interferences, a specialized service dealing in television has been opened up in Daly City. The service, called "Video Sound Service" is owned and operated by Al Bocca Art Nominini, and George Cook. It is temporarily located at Cook's Radio and Appliance store, 6189 Mission street.

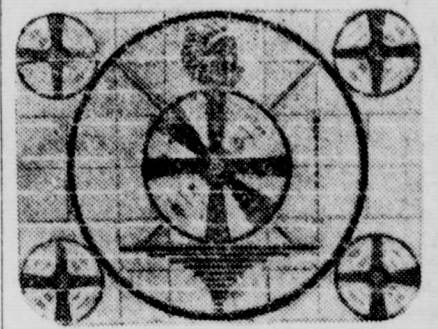

FIGURE 2

The interference caused by faulty ignitions or poorly kept up automobiles can be remedied in one of two ways. First, the electrical wiring in your home can be filtered, or second, all automobiles can be filtered so that they don't cause a jar in your television. And while cars that are in efficient condition won't upset television, it may soon become a law that all cars must be filtered so they won't interfere with television reception.

Another type of interference is medical equipment interference which causes the pattern to appear as figure 3. This again can be remedied by filtering your electrical wiring or putting the filter on the medical equipment.

FIGURE 3

Other types of interference cause "ghosts" or multiple images. Short wave transmitters cause large dark lines to appear crosswise in the pattern.

These interference conditions are considered when the television receiver is first installed and the proper antennae system put in to minimize interference effects. This is one of the services "Video Sound" will perform.

Green Skin
Little green men do not exist solely in nightmares. According to the Encyclopaedia Britannica, the complexions of the Punans, natives of Borneo, have a greenish hue because they never expose themselves to direct sunlight, but live perpetually in the half-light of the forest.

What's Wrong With This Picture?

PIGEON COVE, MASS.—Well, almost nothing, except that the pretty lassie above is sitting on a paper chair, reading by the light from a paper lamp, and of all things, warming herself in front of a paper fireplace. Hard to believe, but true. The entire house is made of old newspapers tightly rolled and coated with Waterspar Varnish, which makes the papers both water-repellent and weather proof. It's a unique answer to the housing shortage.

FIREMEN, POLICE THANKED FOR HELP

Members of the police and fire departments, who joined forces last week to put out an automobile blaze last week, received the following letter this week:

December 16, 1948

Daly City Fire and Police Depts.
Dear Fellows:

This is to express our appreciation for the quick response to my call for assistance at 274 Hillside boulevard on both the part of yourselves and the Colma Fire Department and to the Daly City police sergeant of car No. 2, for running me down to the hospital as fast as possible.

Again we express our gratitude to you and wish you the best for Christmas and the coming New Year.

Mr. and Mrs. William F. Larcher

FIRST CHILD BORN TO JOHN FREUNDS

Lt. and Mrs. John (Jack) F. Freund are the proud parents of their first child, a son, born December 4. The little boy has been named John Frederick II.

Grandparents of the newly-born child are Mr. and Mrs. Vincent F. Freund of 199 Alexander avenue.

SEND A DOLLAR NOW FOR CHRISTMAS SEALS

A Christmas eve appeal for prompt response to the 1948 sale of Tuberculosis Christmas seals was made today by the San Mateo County Tuberculosis and Health Association through its annual seal sale committee.

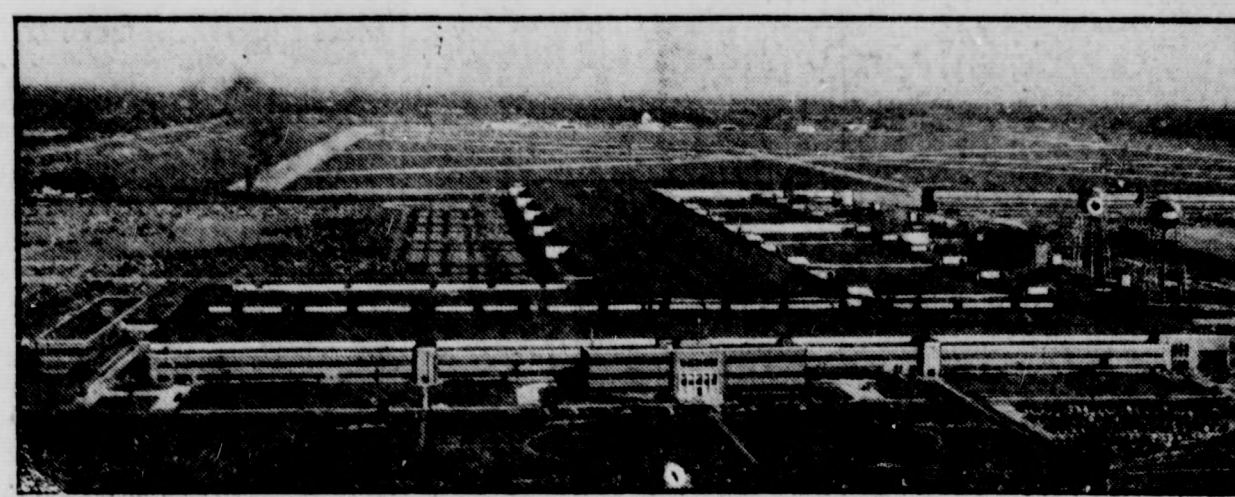

"It is now definitely certain that the Christmas seal sale cannot reach its quota by Christmas, but the committee is still in hope that the quota may be reached by New Year's Day," said Bradford M. Melvin, sale chairman.

He repeated previous assertions that the committee believes an exceptional number of people have overlooked remitting for the traditional Christmas seals this year.

"We are sure a great many people will get in the Christmas spirit and mail in their checks tonight, on Christmas eve," Melvin said. There isn't a better time to insure full enjoyment of Christmas by generous help to others throughout the year in the fight to locate and stamp out every case of tuberculosis in our county."

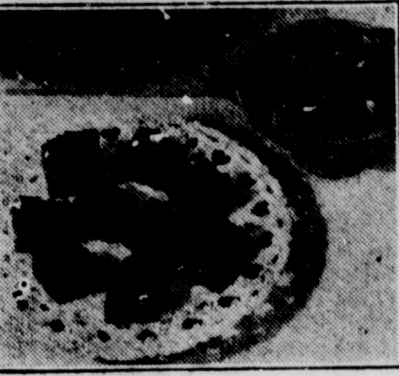

The committee said the seals are the only source of funds the association has for the continuing of its free X-ray service to children and adults.

Kaiser-Frazer's Willow Run Plant

Willow Run, Mich.—This is an aerial view of the giant Willow Run plant of Kaiser-Frazer Corp. Largest single-floor manufacturing plant in the world, the \$90,000,000 war-time bomber factory was purchased by K-F from the War Assets Administration. Until the purchase, the auto company occupied the plant under lease from the government, and converted it from bomber production to the fourth largest auto manufacturing plant in the world. K-F has turned out more than 325,000 cars in the factory.

Candy Classics

By BETTY BARCLAY

It may be old fashioned for teenagers to entertain the crowd by making candy, but it still is lots of fun! Whether you let your friends help you in the actual making or just the eating of these wonderful homemade candies, you will want to try these recipes. The dark corn syrup keeps the fudge from crystallizing and adds flavor and a beautiful sheen to the butterscotch.

Chocolate Fudge

3 tablespoons butter or margarine
3 cups sugar
2 tablespoons Karo Syrup, Red or Blue Label
2 squares unsweetened chocolate
1/2 cup milk
1 teaspoon vanilla
1 cup walnuts, coarsely chopped

Place all ingredients except vanilla and nuts in saucepan. Cook over medium heat, stirring constantly, until mixture boils. Continue cooking, stirring occasionally to soft ball stage (235° F.) or until a small amount of mixture forms a soft ball when tested in cold water. Remove from heat. Add vanilla. Cool to lukewarm (110° F.). Then beat until fudge begins to thicken and loses its gloss. Fold in nuts. Quickly spread into greased 8-inch square pan. When cold cut in squares. Makes 25 squares (2 pounds). Omit nuts if desired.

Butterscotch Candy

2 cups sugar
1/2 cup Karo Syrup, Blue Label
1/4 cup water
1/4 cup light cream
1/4 cup butter or margarine

Place all ingredients except butter or margarine in saucepan. Cook over medium heat, stirring occasionally, to hard ball stage (260° F.) or until a small amount of mixture forms a hard ball when tested in cold water. Add butter and continue cooking, stirring constantly, to hard crack stage (285° F.) or until a small amount of mixture separates into brittle threads when tested in cold water. Pour into greased 8-inch square pan. When cool and almost set, cut into squares. When cold break apart. Makes 1 1/2 pounds or 60 pieces.

Horned Caribou

Unlike other members of the deer tribe, both sexes of the Barren Ground caribou have horns, although the horns of the female are shorter than those of the male.

Cereals, Nutritive

Cereals furnish most of the energy needed in large amounts by growing children and working adults. They also furnish proteins, minerals and vitamins. Iron is the most important mineral found in cereals. The B vitamins, thiamine, niacin, riboflavin, are all found in whole grains and enriched cereals.

The Burdens of War

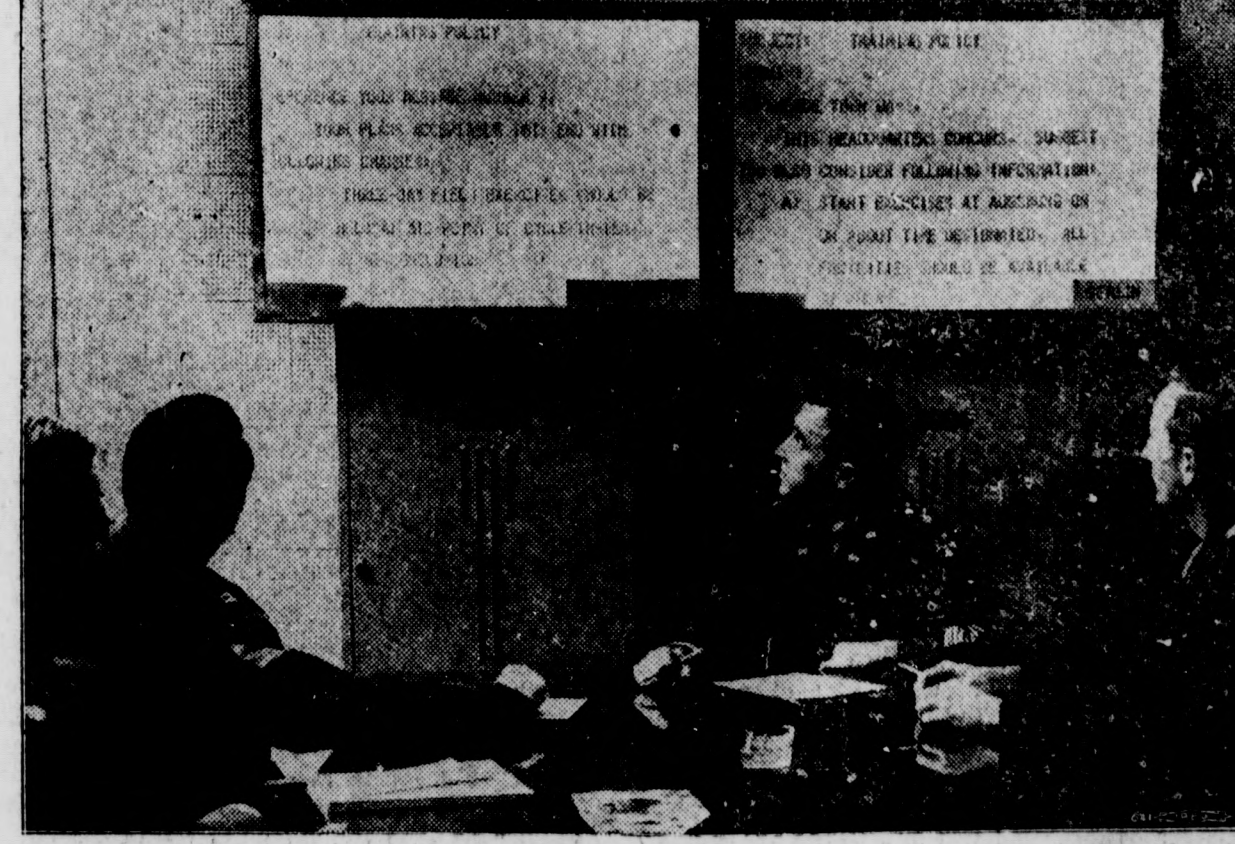

Airplane Propellers
The all-metal propeller now in use on airplanes is twice as large and delivers more than twice the thrust of its two-decade-old predecessor which was built of laminated wood.

Hangers for Garments
Every garment should be on a separate hanger. This keeps it in shape and avoids wrinkles. Hangers which are covered with a rough fabric will keep clothes from slipping and keep the shoulders in shape.

Good for Food
Did you know that dandelion is a good food crop? It is a hardy, cool-climate crop adapted to much the same conditions as kale and spinach. It will grow through winter if mulched over lightly, and produce greens very early in the spring.

New Linings
If the old lining must be ripped out, take care not to stretch or tear it, because the pieces when pressed will serve as the pattern. Attach the new lining loosely, as in a new coat, so as not to draw up the coat shape.

CONFERRING WITH BERLIN VIA "TELE-CON"—Daily conference of military leaders in Washington with Berlin, Tokyo and other occupation headquarters are possible through use of the Army's overseas communication network. Messages prepared by conferees at the Pentagon are sent over radio teletype and simultaneously projected on a screen for comparison with incoming messages flashed on an adjoining screen. Transmission is instantaneous and secret.

Social Security Card
Not For IdentificationOccasional complaints, which
tend to become more numerous at
the holiday season, that social se-
curity account number cards are
improperly used as identification
for check-cashing purposes, today
led Charles H. Shreve, manager of
the San Francisco field office of the
Social Security Administration, to
issue the following precautionary
statement:"The social security account
number card is not intended to
serve as identification for check-
cashing purposes, and should not
be accepted as such."A social security card is issued
to any person who applies for it.
It is issued for one purpose, and
only one. That is to identify a
social security account on which
the wage record of the possessor
may be posted as credit toward old-
age and survivors insurance ben-
efits. The account number is used
with the person's name to identify
his social security account, because
many people have the same name
but no two can have the same
number.The Social Security Adminis-
tration, in paying benefits, requires
that the beneficiary identify him-
self fully. This is not required when
a card is issued, so it is valueless
for identification purposes."

It's an Idea . . . By Joyce Hunter

A book for youngsters three to seven years old, "A Treasury of Good-Night Stories," edited by Caroline Forowitz (Hart Publishing Company, New York), has been brought out with the announcement that "there are no disturbing ideas, no situations which strike terror, no attempt to capture interest through a frightening focus." A good many people who claim the toddlers are being scared to death by modern bedtime stories will find it comforting. "The China Shop," the story, Mr. Fuss and a big bull who visited his china shop, is interestingly told by Elizabeth Ireland, and there are 35 other stories by various authors.

The art of making flower beads, pins and other decorations out of salt dough is being revived. Basic recipe: half a cup of table salt to half a cup of flour, a little water, watercolor for tinting, and perfume.

A discarded wooden kitchen cutlery tray originally intended as a holder for knives, forks and spoons can be lacquered in no time at all and used as a container for toilet articles, including brush and comb.

And let's everybody have a MERRY CHRISTMAS!

Decoration for
Holiday Table

PUT FROSTING STUCCO ON WITH PLAIN KNIFE

If you want something "different" this Christmas, something you made to brighten up the home, make a bread house made from two stale loaves, decorated with chocolate and white icing.

You will not be able to eat this appetizing bit of property, but it makes a wonderful table ornament.

First, slice off the crusts from your two stale loaves with a sharp knife. It will help if you warm the knife blade before each slice. For the main section of the house cut one piece about six inches long. For the wing make the second loaf four inches long. You will have little difficulty in shaping the roof and cutting a couple of sturdy chimneys from what is left over from the second loaf.

Toothpicks will hold the house together. These are shoved in as far as possible or until both sections and chimneys are solidly fastened together.

Now you are ready for the "stuccoing." Spread cake icing around the walls with a plain knife. The roof is covered by using melted chocolate or by coloring the sugar icing any desirable shade. Windows and doors may be added by means of a cake decorator. Or, if you prefer to keep a rustic effect, simply attach porch and windows cut from the second loaf and cover them with icing.

We all join in Wishing you a
MERRY CHRISTMAS

Sketching in the Christmas Story, here are highlights of the hectic holiday rush ... from gift shopping through wrapping, and paying the bills as well. And while we're reminiscing Santa is heading straight for your house and his sled is filled with our good wishes for a most joyous and happy Christmas for you.

To Almighty God we bow our heads and raise our voices in sincere thankfulness for peace on earth this Happy Christmas.

Greetings
for this Happy
Season

Roll Road On 40 Route? Watch Was Just Fooling

With municipalities from San Bruno to Burlingame, and the county board of supervisors still undecided as to recommendations for use of the No. 40 street car right of way between the cemeteries and Burlingame, a new suggestion was thrown into the hat last week.

Alvin Hatch, chairman of the board of supervisors, suggested toll road. However, his suggestion was not taken seriously. It is planned to convert the right way, which will be abandoned January 16, to a highway which will relieve traffic pressure on El Camino Real.

DEVIL'S POST PILE

Devil's Post Pile National Monument, located on the Middle Fork of the San Joaquin River and reached by a dirt mountain road running out from Mammoth, is reported to consist of a spectacular mass of hexagonal basaltic columns like immense posts. The standing columns, two feet in diameter and forty feet high, are perfect prisms.

Answers to TEST YOUR I. Q.

1. Rutherford B. Hayes.
2. No. Nicotinic acid is a vitamin found naturally in wheat and other foods. Nicotine is found in tobacco.
3. When printing was introduced it was associated with black magic because of the uniformity of printed works as compared to manuscripts. This "mystery" caused printers to call their ink-blackened helpers devils.
4. The present Duke of Windsor.
5. The judicial.

TEST YOUR I. Q.

1. What American president said, "He serves his party best who serves his country best?"
2. Is nicotinic acid the same as nicotine?

3. What is the origin of the term "printer's devil?"
4. Princess Elizabeth's son is the first birth in direct succession to the British throne since the birth of whom?
5. What was the last branch of the government to be organized by President Washington?

Frank Ringhoffer Now Aboard USS Pasadena

Frank Ringhoffer of the USN is now serving aboard the light cruiser USS Pasadena. The chief radio officer of the ship is Joe Ringhoffer, brother of Frank Ringhoffer, 44 Mateo avenue, Daly City.

The cruiser is a unit of Task Force 38, which is now undergoing an intensive training period in the Western Pacific and the China Sea area.

These exercises are being conducted for the purpose of giving officers and men of the task force realistic training in all phases of naval activities. In addition to the training on ship board, personnel familiarize themselves with the ports and peoples of foreign lands.

Ports of call between training maneuvers, include Honolulu, Tsingtao, China, Yokosuka, Japan, and Guam.

Shop Here! Cost Of Living Is At Least Half Per Cent Lower

Many people are waking up to the fact that it's more economical to shop in Daly City, with the realization that there is no city sales tax in Daly City, resulting in a saving of one-half per cent on most items.

On such articles as automobiles, large appliances, furniture, etc., the savings are substantial and at once noticeable — however, throughout the year, local residents have come to realize, the little savings of one-half per cent amount up to a considerable amount.

Another factor resulting in lower prices is that your local merchant can pass along savings in reduced overhead costs as compared with downtown S.F. shops.

ARM SIGNALS

Motorists should refrain from dangling their arms out the window while driving, from flicking cigarette ashes out the window, or from pointing out scenery to passengers, if they would avoid causing confusion on our highways. The left arm should be used only to signal intent to turn, to slow down, or to stop.

STRICTLY FRESH

THE Japanese have started distilling liquor from onions. Next item will be air conditioning.

When automobile prices increase in the near future, we wonder if tips to salesmen must increase proportionately!

A New Jersey man left his barber \$200,000 the other day. It could be that he owed him for three haircuts and four shaves.

Oil was reported found in Palestine's "no man's land." It's safe to predict that the spot will soon become some man's land.

Newspaper filler: "Bagpipes can be tuned." Why they're not is anyone's guess.

Old Age Pension Head Blasts Warren's Ideas On Cost of Proposition

George H. McLain, chairman of the Citizens' Committee for Old Age Pensions and sponsor of Proposition 4, which was approved by the voters in the November 2nd election, today denounced statements made by Governor Warren and members of his administration about the alleged cost of Proposition 4.

"I cannot let statements by the Governor and his appointees as to the cost of Proposition 4 and the need for higher taxes to pay pensions under the new constitutional law, voted in by almost 2,000,000 Californians, go uncorrected," McLain stated.

"The Governor, in announcing the cost of aged and blind aid, makes no distinction between the cost of the present program and the additional cost brought about through the new law. It is my contention that he is seeking to confuse the public into thinking that the overall cost was caused by the passage of Proposition 4."

"I challenge the Governor to deny that there is right now over \$592,000,000 of surplus money in the state treasury that the legislature has the authority to appropriate in any manner that it deems wise," the pension leader said. "It would seem that the state administration apparently is attempting to use Proposition 4 as an excuse to levy unnecessary new taxes on the people of California."

Sheriff Urges Teletype System

In an effort to coordinate the efforts of law enforcement agencies throughout the county, Sheriff James McGrath has recommended that all municipalities install teletype facilities which would tie in with the sheriff's office in Redwood City. The system would in turn be tied in to the California Highway Patrol system at that point.

Cost of the installation is estimated at \$40 per month for each municipality. At the present time, Daly City police must make daily trips to South San Francisco to pick up teletype all points bulletins and other law enforcement information.

**Bay City To Re-Live
Gold Rush Next Year**

At the stroke of midnight on
New Year's Eve San Francisco will
begin re-living the "days of old,
the days of gold, the days of '49."

The San Francisco Centennial
Committee has announced kick-
off of the city's two-year-long cele-
bration will be midnight ground
breaking ceremonies in Port-
smouth Plaza, where three struc-
tures, replicas of 1849 buildings,
are to be constructed. They are
the Yerba Buena school house, first
public school in California; the
Dramatic Museum, a pioneer play-
house, and the Custom House. They
will be used by the Committee as
headquarters for the city's centen-
nial activities.

An ambitious program for com-
memorating various events in the
city's hectic early days has been

drafted by the Committee. Among
the events scheduled are a Gold
Discovery luncheon on January 20;
re-enactment of the arrival of the
first '49ers via the "S.S. California"

in February; arrival of the city's
first official postmaster and other
important occasions throughout
the year ahead.

Great Prophecy is Most Often Great Poetry

THE late Dr. George A. Gordon of the Old South Church in Boston, whom the late Dr. Cadman, himself a notable preacher, considered the greatest of all American preachers, once remarked that it is the quality of all great prophecy that it bursts into song.

The truth of that is at least evidenced in the prophecy and poetry of the Old Testament. The prophecy and poetry alike came out of the religiously heroic era of Israel. They are intermingled. The poetry of the Psalms frequently expresses the noblest prophecy, and in the great prophecies are passages of such lyrical beauty that they are in the realm of poetry.

What, however, specifically characterized Hebrew poetry as distinguished from Hebrew prose? It is a question to which an intelligent answer can be given at a time when, in our modern literary world, poetry is less conceived in terms of the rhyming of similar word endings.

Rhythm is not identified with rhyme, but the rhythm that in our typical poetry is associated with the rising and falling of accents, in Hebrew poetry is associated with forms of parallel statements.

Specific examples will make the nature of these three forms of parallelism plain. The poetic parallelism of the same thought is expressed in such a verse as in Psalm 51: "Give ear to my words, O Lord; consider my meditation."

The poetic parallelism of contrast is expressed in Proverbs 15:13: "A merry heart maketh a cheerful countenance; but by sorrow of the heart the spirit is broken."

And the poetic development of the initial thought is illustrated in the famous "Shepherd Psalm," the 23rd, in which the forms of both parallel statement and developing thought seem to be combined.

To understand the forms is to catch the rhythm and beauty of expression of the poetry of the Bible; but it must not be forgotten that Hebrew poetry is more notable and inherently instructive for what it says than for the way it says it.

For A Merrier Christmas

By Betty Barclay

THE true spirit of Christmas seems, too often, swallowed up in expensive gifts. Wouldn't this be a good year to get back to the happy exchange of simple things? Put your love and thought into Christmas giving; put your money into U. S. Savings Bonds. Food gifts are always acceptable—especially gayly packaged cookies, made in your own kitchen.

Coconut Dream Squares
1½ cups sifted cake flour; 1¼ cups brown sugar, firmly packed; ¼ cup butter; 2 eggs; ½ teaspoon double-acting baking powder; 1 teaspoon vanilla; 1½ cups shredded coconut; 1 cup chopped walnut meats.

Combine 1 cup of the flour and ¼ cup of the sugar. Cut in butter until mixture is the consistency of coarse meal. Pat firmly into an ungreased 9 x 9 x 2-inch pan and bake in moderate oven (350° F.), 15 minutes.

Beat eggs until light. Add remaining sugar gradually, beating constantly with a rotary egg beater until mixture is light and fluffy. Sift remaining ¼ cup flour and the baking powder together and fold into egg mixture. Add vanilla, coconut, and nuts and mix thoroughly. Spread on top of warm baked mixture in pan and return to oven. Bake 20 minutes longer, or until lightly browned. Cut in squares. Sprinkle with walnuts. Makes about 2 dozen 1½ inch squares.

News And Notes From S. M. Jaysee

Players Club members at the San Mateo Junior College gave three performances of "Death Takes a Holiday," a three-act play, as their term production last week end. The usual high standards of the college dramatics work were met as the Players staged their unusual production which told the story of Death taking a holiday to visit among mortals as a guest at a country estate. Harry Keats of the faculty directed the successful

play, while Sam Rolph directed the planning and constructing of the stage set.

The annual Christmas showing of holiday floral designs was on display for two days at the college. Art students from the day and evening classes in flower arrangements made the arrangements of wreaths, swags, a table setting for Christmas dining, pine cones, ornaments, driftwood, berries, candles, branches, and figurines. Jack Daniels of the faculty was in charge of the class work. The floral

arrangements were seen by some hundreds of visitors.

The junior college basketball team is spending a good part of the Christmas vacation playing non-conference games. Following their close win over the University of San Francisco frosh, the Meteors lost a close game to Santa Rosa Junior College and then had games scheduled with the University of California Blues and two games in the Cow Palace as preliminaries to some of the big inter-sectional university games.

Steelheads Follow Rain In Streams

With the first substantial rainfall of the season, northern California's coastal streams resume their periodic claim to the title: best fishing waters in the Nation.

Anglers the world over pay seasonal tribute to the rain-swollen waters because of just one magic word—steelhead.

Each fall and winter, migrations of sea-run trout ascend their native streams to spawn. The resultant harvest for sport fishermen has assumed legendary proportions—even among the disciples of Isaac Walton with whom exaggeration is an avocational hazard.

Famous California steelhead streams, the Klamath, Eel, Smith, Garcia, Gualala, and many other rivers and tributaries entering the Pacific Ocean are now open to fishing for what most anglers describe as the fightingest game fish of all.

Steelies have been caught weighing as much as 35 pounds, although the average catch at this time of year averages three pounds. In their freshwater dash upstream, the giant trout are hungry, and will strike savagely at about anything

resembling their natural food.

Salmon too, are now making their four-year migration cycle in the same streams. The Fish and Game Commission has set aggregate bag limits of three trout or salmon, with exceptions, in most of the streams north of San Francisco, and daily limits of two trout or salmon in most of the steelhead waters to the south.

The three-month season ends January 31 in Del Norte county, and on the Klamath, Salmon, Trinity, and Scott rivers. In general, steelhead and salmon angling comes to a close in all other coastal streams, bays and tributaries on February 28.

Drivers Warned About Holiday Traffic Toll

"Don't Let Death Take Your Holiday!"

That slogan will keynote the National Safety Council's nationwide campaign to hold down the huge Christmas - New Year's accident toll.

Each year accidents cast a shadow on the holiday celebration of thousands of families throughout the nation, according to Council figures which show the year-end holiday season to be the most dangerous period in the year.

Joining forces with the Council in a united effort to call public attention to the extra holiday hazards and the extra caution needed to overcome them are city and state officials, civic groups, local safety councils, and 130 national organizations.

The Council said that heavier travel and the festive spirit of the holiday season add to the normal winter hazards, such as bad weather, slippery roads and more hours of darkness. Traffic accident deaths on both Christmas Eve and

Christmas Day total more than two or three times the annual daily average.

"Every family in the country looks forward to Christmas as the time for joy and celebration, and that is what the holiday period should be," said Ned H. Dearborn, president of the Council.

"But every year thousands of families see Christmas joy turned into suffering and tragedy because of unnecessary and preventable accidents.

"To keep death from taking your holiday costs nothing, takes no time and requires only a little effort — refusing to take the drink you can't handle, yielding the right-of-way, waiting for the light to change, discarding a string of Christmas tree lights with worn insulation.

"These are little things — but they pay off big in happiness. They will keep the lights burning in your home, keep the holly wreath on your door, and preserve for you and yours the delight that is America at Christmas."

W. W. II Veterans Have Deadlines

Attention of World War II veterans is called to the following deadlines for certain benefits and privileges available under the law, by Floyd D. Granger, veterans service officer of San Mateo county.

December 28, 1948: Nonquota admission of alien spouses and alien minor children of citizen members of the U. S. armed forces or honorably discharged veterans.

January, 1949: Survivors of veterans who died in active service after December 7, 1941, may claim refund for overpayment of income tax. (For 1945 income, claim may be filed as late as March 15, 1949.)

January 1, 1949: Veteran may apply for entry into U. S. of alien fiancée (or fiancé). Qualified aliens must be on U. S. soil before midnight of December 31; marriage must take place within 90 days.

April 20, 1949: Expiration of period during which eligible survivors may apply for gratuitous NSLI for veterans who died in line of duty prior to April 20, 1942. This deadline has already expired for

TAKE CARE

Don't let a traffic accident make a "black" Christmas in your home, warns the California State Automobile Association. Drive with care; walk with care. December, with more hours of darkness and the Christmas shopping traffic jam, is the worst month of the year for traffic fatalities.

many survivors, since the application must be made within seven years after the veteran's death.

Granger also recommends that veterans attending school under the GI Bill, should give the Veterans Administration 30 days notice of intent to transfer to a new school. In the Branch 12 area (California, Nevada, Arizona, Hawaii) there are more than 100,000 veterans receiving benefits under Public Laws 16 and 346 combined. When changes in places of training are contemplated, it is to the veteran's advantage to notify the Veterans Administration in plenty of time to prevent delay in their subsistence checks.

Assistance in compiling the necessary forms is available at the Veterans Service Office in the courthouse at Redwood City.

Parents know the advantages of Navy training. So do employers. If you are between 17 and 31 and otherwise qualified, the Navy will train you. Call or write your nearest U. S. Navy Recruiting Station.

Archbishop Mitty Stresses Need To Support Sisters Of Good Shepherd's Building Fund For "Displaced" Girls

A large group of men and women from all over San Mateo county gathered in St. Matthew's auditorium, San Mateo, last week heard Archbishop John J. Mitty, Elinor Falvey, assistant district attorney of San Mateo county, and other speakers, voice an eloquent appeal for "displaced" children of northern California, who will be aided by the \$750,000 Building Fund Appeal of the Sisters of the Good Shepherd.

Robert A. Higgins, San Mateo county chairman for the drive, scheduled for January 24 through February 14, presided at the meeting, one of a series of mobilization ones being held in the 13 counties whose courts for the last sixteen years have been paroling girl offenders to the Sisters of the Good Shepherd for rehabilitation under a plan famous for its success. More than 2250 girls have been brought back to normal, self-sustaining existence at the Good Shepherd Home, 501 Cambridge street, San Francisco. The Home is non-sectarian.

The Building Fund Appeal, Archbishop Mitty told the San Mateo county volunteers will fill a pressing need for a delinquency prevention program to be carried out by the sisters for young girls from the 13 counties. It will parallel the rehabilitation plan, but the "displaced" girls, youngsters 12 to 16, victims of broken or neglectful homes, will have living quarters, school rooms and other facilities segregated from the first group.

"These children are not delinquents," the prelate pointed out. "They are children who, like the hapless children of the European

war, have been denied their birthright of affection and solicitude. Social workers call them "pre-delinquents" because so many of these unprotected children almost inevitably get into serious trouble.

"On many occasions such youngsters, guilty of truancy or similar minor offenses, have come to the sisters, requesting that they be allowed to stay at the Home because they have heard of the affection and gentle guidance other girls have received. They cannot be admitted — because there are no quarters for them. Yet, many times these very girls are returned, later, by the courts — full-fledged delinquents!"

Assistant District Attorney Falvey praised the work of the Sisters of the Good Shepherd and told of

the percentage of girls from the peninsula counties who have been cared for at the Home during the last 16 years.

"Many of them are happy wives and mothers now," she said. Every one of them, however, is a willing witness to the fact that if she could have known the sisters' care in time, she would not have had to overcome the handicap of the word "delinquent!"

Andrew J. Lynch, general chairman for the drive, told of the overall pattern for the appeal. Mr. Higgins presented members of the San Mateo campaign committee, who included Judge Edmund Scott of superior court, co-chairman; Fred Marionetti, treasurer; Andrew J. Conway, secretary; Morgan McGrath, publicity; and Rev. Harold J. O'Day, Archdiocesan representative.

Community chairmen present included John W. Ryan, Redwood City; Elmer J. Hughes, Burlingame; Thomas C. Moroney, San Mateo; Michael Callan, Colma; and Frank and Joseph Garibaldi of Colma.

One Year Navy Tours Open For 18 Year Olds

A quota for youths 18 years of age who wish to enlist in the Navy for one year is unfilled for the month of December, according to the recruiting office at the county courthouse in Redwood City.

A limited number of 18 year olds may fulfill their draft obligation by enlisting for one year of Navy duty. Many of the enlistees will be sent to the 80 trade schools maintained by the Navy, after a course in basic training.

Pie or Ice Cream?

The answer to that question is "both". Yes, you may actually enjoy a delicious dessert combination that will really satisfy your sweet tooth and cool you off at the same time. No, it's not pie a la mode, either. It is a Chocolate Alaska Pie.

Alaska pies are exceptionally easy to prepare. Just be sure you start with firmly frozen ice cream. Renet ice cream gives your pie that extra quality that comes from genuine old-fashioned flavor and pure-cream texture. Pack it quickly into a prebaked, cooled pie crust, and spread it thickly with a fluffy meringue. Slip it under a hot boiler flame for just long enough to brown the surface of the meringue — then serve immediately. The last-minute preparation — filling with ice cream, spreading with meringue, and browning — takes no more than ten minutes. And you can't fail to hit the jackpot of applause with this Chocolate Alaska Pie.

Dissolve rennet tablet by crushing in cold water. Mix sugar and cocoa together. Add cream slowly, mixing to a smooth paste. Add vanilla. Warm slowly, stirring constantly. Test a drop on inside of wrist frequently. When COMFORTABLY WARM, (110° F) not hot, remove at once from heat. Add dissolved rennet tablet and stir quickly for a few seconds only. Pour at once, while still liquid, into refrigerator tray. Do not move until set — about 10 minutes. Place in freezing compartment and freeze until firm. Remove from tray to a bowl, break up with a fork, and beat with electric or rotary beater until free from hard lumps but still a thick mush. Return to tray to finish freezing. Just before serving, fill chilled baked pie shell with firmly frozen meringue, spreading so it touches the crust all around. Brown quickly under broiler flame.

Meringue: Beat 2 egg whites until fluffy (not stiff). Add 4 table-spoons sugar gradually and continue beating until stiff.

*To use unsweetened chocolate, melt 1 square chocolate in 1/2 cup of the light cream, over hot water. If necessary, heat until very smooth. Cool. Add to remainder of cream and blend with sugar and vanilla as above.

Atom War Like Flame Duel In Phone Booth

Imagine a duel between two men armed with flame throwers in a telephone booth.

That is what atomic war between Russia and the United States would be like, according to Dr. John Michael O'Gorman, assistant professor of chemistry at Santa Barbara College, University of California.

He used this graphic description to emphasize the devastating effect of any clash between two powers possessing atomic bombs, in a recent lecture entitled "Unleashing Atomic Energy: The Collaboration of Many Minds to Produce Destruction."

The lecture was one of a series

on great men and their work in science and social studies presented by the University of California Extension under sponsorship of Santa Barbara College.

Referring to the use of atomic energy for military purposes, Dr. O'Gorman said that once the bomb had been put in use, it made little difference which nation had the better bomb. He compared the situation to one in which two men sat facing each other with machine guns. The fact that one had a finer weapon than the other would not matter so much as who pulled the trigger first.

Woman's inaptitude for reasoning has not prevented her from arriving at truth; nor has man's ability to reason prevented him from floundering in absurdity. Logic is one thing and common sense another. — Elbert Hubbard, Note Book.

FOR THE VETS

The 12 Veterans Administration hospitals in VA Branch 12 area (California, Arizona, and Nevada) now have 26 full-time chaplains on duty serving nearly 10,000 patients and 3,500 aged veterans residing in VA domiciliary homes.

The VA Chaplaincy Service was organized in June, 1945. The chaplains all served in the Army, Navy or Air Forces in World War II, and represent the Roman Catholic, Protestant and Jewish faiths.

In addition to conducting regular church services the duties of the chaplains include serving the families of seriously ill or deceased veterans, burial services, instructional classes and special work performed at the request of the patient's doctor.

VA Branch 12 hospitals also em-

ploy 23 part-time chaplains to serve patients of faiths not represented in sufficiently large numbers to warrant a full-time chaplain.

At all VA hospitals there is a chaplain on call at any hour of the day or night to serve veterans or their families.

In one typical month in Branch 12 hospitals the chaplains, in addition to conducting 436 regular church services, made 343 emergency night calls, handled 2,095 special cases at the request of the patient's doctor or nurse and made 38,356 ward visits.

Question: I wish to purchase an

automobile house trailer that I can use during my vacation. Will Veterans Administration guarantee a loan for the purchase?

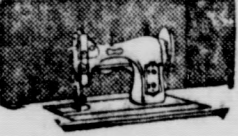

Answer: No. Loans for pleasure purposes cannot be guaranteed or insured by Veterans Administration.

Question: I would like to change

the beneficiary on my National Service Life Insurance without letting the old beneficiary know about it. May I do this?

Answer: Yes. A veteran may change the beneficiary or beneficiaries of his National Service Life Insurance at any time without their knowledge or consent.

New 4c Air Mail
Postal Card Will Be
Available On Jan. 10

Acting Postmaster John F. Fixa announced today that, as an accommodation to users of air mail, a new 4-cent air mail postal card will be made available by the Post Office Department on January 10, 1949.

The new card will be of the regular postal card size with the 4-cent stamp arranged horizontally in the upper right corner. The printing of 12,000,000 cards has been authorized.

The central design of this stamp consists of an eagle in flight with outstretched wings on a light background. Across the top on a dark panel appears "U. S. Postage." In the lower left corner of the stamp is a numeral "4-cent." Directly under the eagle is the lettering "Air Mail." The style of both the lettering and the numeral is white-faced gothic; the 4-cent stamp on the new air mail postal card will be printed in red on a cream-colored card.

Stamp collectors desiring first-day cancellations of this card may submit an order to the Postmaster, Washington 13, D. C., for not more than five postal cards, plainly indicating the full name and address

RIGHT OF WAY

Motorists are reminded by the Public Safety Department of the National Automobile Club that at intersections the right of way belongs to the car approaching from the driver's right.

for each card. The new postal card will not be enclosed unaddressed in outside wrappers. Postal-note or money-order remittance to cover the cost of the cards must accompany the order. Postage stamps and personal checks will not be accepted in payment. The envelope to the Postmaster, Washington, D. C., should be endorsed "First Day Cards." The Philatelic Agency will not sell the air mail card. They will be available at post offices throughout the country, starting January 11, 1949, or as soon thereafter as distribution will permit.

SMALLEST STATE PARK

The smallest state park in the United States is located along U.S. Highway 50 at Government Camp on the slopes of Mt. Hood in Oregon. Covering only 25 square feet, it was set aside to preserve a monument erected to the memory of Sam Barlow, who a century ago built the first road for covered wagons around Mt. Hood.

BULBS DO BURN OUT

Traffic signal light bulbs are like all others in that they burn out, declares the National Automobile Club. Consequently if you see no signal ahead when approaching a light-controlled intersection, do not assume that the lights have been turned off. Have a look at what is showing on the cross street before venturing ahead.

San Francisco used 83.3 million gallons of water daily during the fiscal year ended June 30, 1947.

The first paperboard made in the United States was in a mill at Milton, Massachusetts, in 1878.
